Chip Sealing:

Drivers may encounter delays as the 2018 chip sealing operations begin **Monday, June 18 through Thursday, June 21, in the Lexington area.**

Chip sealing is the primary surface type throughout Cowlitz County. Crews place a thin layer of oil, followed by specific rock chips. Sweepers ensure an even rock application while a roller packs the rocks into the oil. Within a week crews will return to sweep any excess rock that has not bonded to the oil surface. The treatment is applied approximately every seven years to keep roads in good quality. Chip seal is a cost-effective preservation treatment. Flaggers will direct traffic during chip sealing operations.

Roads scheduled for Chip Sealing (in approximate order) include: Peninsula Drive, Surfview Drive, Shoreview Drive, Solomon Road, Canvasback Drive, Chickadee Drive, Nighthatch Drive, Warbler Drive, Bobolink Drive, Blue Jay Court, Waxwing Court, Pelican Drive, Mission Road, University Court, Balboa Loop, Early Bird Drive, Adams Drive, Merced Drive, Manteca Drive, Mendota Drive, Modesto Drive, Alturas Drive, Alameda Drive, Wilshire Way, Radcliffe Drive, Westminster Drive, Wyatt Drive, Leif Drive, Vermillion Drive, Abbey Lane, Yellow Brick Road, Penny Lane, Regal Lane, Villa Road, Boardwalk Way, Indigo Court, Rainbow Way, Sparks Drive, Lexington, Place, Lexington Avenue, Carriage Court, Decatur Drive, Cowlitz Drive, King Road, Sierra Drive, Monterey Drive, Cimarron Drive, Aloha Drive, Palm Drive, Desert Inn Drive, Ponderosa Drive, Ventura Drive, Aaron Drive, Daffodil Lane, Saratoga Lane, Garden Street, Louise Street, John Street and Lexington Bridge Way.

It is unlikely that all of the roads listed will be completed by the end of the week. Chip sealing operations are expected to continue in the Lexington area on Monday, June 25. Updated scheduling will be released next week.

Road Striping:

Toutle, Castle Rock and Longview - Drivers may encounter slow moving paint striping trucks Monday, June 18 through Thursday, June 21.

Motorists encountering the lead buffer truck are asked to wait until the last truck has passed before entering the roadway. Drivers behind, or travelling opposite of the painting operation, should not cross the paint lines.

If vehicles do need to exit the roadway, they should proceed slowly at a 90 degree angle. Paint drying times will depend on weather, but it is generally dry within five minutes.

Monday, June 18, 2018 – Toutle and Castle Rock Area

South Toutle Road	Hall Road	Estes Road
Frank Smith Road	Streeter Road	Carnine Road
Luebke Road	George Taylor Road	Schaffran Road
