Retaining Wall and Embankment Repairs:

Drivers may encounter delays as contractors **conduct repair projects in both the 200 and 300 blocks of Rose Valley Road** this summer. The first project, replacement of a retaining wall in the 300 block (MP 0.45 – 0.46), is expected **to begin Thursday, July 5th**. A second project, the repair of an embankment that is undermining the road in the 200 block (MP 0.21 – 0.34), is expected to begin in early August. Both repair projects will require the closure of the westbound lane in that portion of Rose Valley Road. One lane will remain open and traffic will be alternated through the work zones via the use of an automated, portable traffic light system.

Please use caution near construction zones and obey the directions of construction personnel and traffic control devices. For up-to-date information please call the Department of Public Works at (360) 577-3030, or visit our website at www.co.cowlitz.wa.us/publicworks, or the Cowlitz County Department of Public Works Facebook page.
