ABUSIVE SEXUAL CONTACT

According to official documents, in 1994 Clark was found guilty of Abusive Sexual Contact in U.S. District Court, District of Utah (Central). Clark (age 55) had sexual contact with a person at least 12 years old but less than 16 years old and who was at least four years younger than Clark. He states he completed sex offender treatment in Utah however no documentation is available at this time.

The Cowlitz County Sheriff's Office is releasing this information pursuant to RCW 4.24.550 and the Washington State Supreme Court decision State v. Ward, which authorizes law enforcement agencies to inform the public of a sex offender release when, at the discretion of the Agency and the Risk Assessment Committee, the information will enhance public safety and protection. The sex offender listed has served the sentence imposed by the courts and has advised the Cowlitz County Sheriff's Office of their address. This Registered Offender is not wanted at this time. This notification is not intended to increase fear; rather it is our belief that an informed public is a safer public. Law enforcement agencies have no legal authority to direct where a sex offender may or may not live. Unless court ordered restrictions exist, this offender is constitutionally free to live anywhere. Citizen abuse of this information to threaten or harass registered sex offenders will not be tolerated. Such abuse could potentially end law enforcement's ability to do community notifications. The Cowlitz County Sheriff's Office can provide useful information on personal safety. If you have information regarding current criminal activity of this or any other offender, please call our office at 360-577-3092. You can find additional information about registered sex offenders at the Sheriff's web site www.co.cowlitz.wa.us/sheriff/rso/

SOME SUGGESTIONS FOR SELF-PROTECTION:

1. You and your children should be continually aware of who is around you. If they are unfamiliar to you, don't put yourself in jeopardy.
2. Be aware of where your children are. Try to establish a time share child watching effort for children playing in the neighborhood.
3. Establish neighborhood safe havens for children as well as adults.
4. Urge your children to play in the area of other children, and caution them to not go anywhere with strangers.
5. Plan methods of escape, routes of escape and methods of self protection
