

PROPOSAL

The undersigned bidder agrees to provide the materials listed below conforming to the specifications below at the prices stated.

Company Name: _____

Bid Submitted By: _____ Title: _____
(Name Printed)

Signature: _____ Date of Bid: _____

Address of Bidder: _____ Tax I.D. No. _____

Telephone: _____ UBI No. _____

Email: _____ Fax: _____

Pit Locations: _____

Addenda. The bidder acknowledges receipt of the following addenda: _____. (Insert number of any addenda received.)

SPECIFICATIONS

The "Aggregate for Bituminous Surface Treatment" shall meet the standards set forth in the State of Washington Standard Specifications **2018** English Edition, Section 9-03.4 or amended herein. The 3/8" to #10 specification has been amended.

The table in section 9-03.4(2), Grading and Quality, shall be replaced with the following table for 3/8" - #10 and all materials furnished in this bid shall meet these specifications:

3/8" - #10

Passing Sieve	Crushed Screening % Passing
1/2" Square	100
3/8" Square	90-100
U.S. No. 4	30-56
U.S. No. 10	0-6
U.S. No. 100	0-1.0

The unit price bid shall reflect the total cost of the product specified with delivery FOB to the stockpile site indicated. Washington State sales tax shall be added in accordance to the Washington State Administrative Code (WAC) in effect at time of bid. If WAC is modified during the term of this contract, the successful bidder shall modify the sales tax rate charged in accordance with the WAC in effect at time of delivery. No additional charges, surcharges, or other fees may be added.

This bid will be awarded to the lowest responsible bidder for the sum of the four items.

The aggregate will be placed at the designated sites by the successful bidder in stockpiles constructed to State of Washington Standard Specifications, **2018** English Edition, Section 3-02.2(6), Construction of Stockpiles.

The successful vendor will use their own rubber-tired loader to construct all stockpiles and will be responsible for transportation and all costs pertaining to said loader. The loader operator shall possess the skill and knowledge to construct the stockpile to a uniform shape according to the above-referenced Washington Standard Specifications, without contamination of the material being stockpiled.

ONLY END-DUMP PUP TRAILERS AND TRUCKS WILL BE PERMITTED.

The contractor shall stockpile the aggregate at the designated sites in the following order:

1. Longview Area
2. Kelso Area
3. Castle Rock Area
4. Kalama Area

The County will take and test random samples of aggregate periodically. Aggregate will be weighed in tons, by individual truck load, on a state certified scale at the bidder's expense. A separate scale slip, **signed by the County's designee**, for each load will be furnished to the County. Unsigned scale slips or scale slips for which the County does not have the duplicate copy will not qualify for payment.

Time is of the essence with respect to the scheduled delivery of aggregate under this contract. All material must be delivered to the stockpile sites by no later than June 3, 2019. To assure timely delivery, fifty percent (50%) of the material based on bid estimate quantities must be delivered by no later than May 17, 2019, and seventy-five percent (75%) of the material must be delivered by no later than May 24, 2019.

The County reserves the right to cancel the bid award under this contract immediately without prior notice in the event of failure to meet any of the requirements of this contract, including, but not limited to, timely delivery according to the schedule in the preceding paragraph.

All tonnages are approximate and some reductions or additional tonnage may be requested at bid unit price.
