Coordinated Entry exists for resource referral to specific housing programs and is not responsible for providing housing in the community. Programs have limited availability and program openings are often contingent upon capacity and/or availability of funds. Referral to specific programs and to other mainstream services is the main goal of Coordinated Entry.

Please visit our website at <http://www.co.cowlitz.wa.us/2540/CoordinatedEntry> for the most current list of participating projects.
