Meeting Date: 10/29/2019

Adoption - Cowlitz Co. Comprehensive Emergency Management Plan

Submitted For: Ernie Schnabler, DEM Director

Submitted By: Ernie Schnabler, DEM Director

Department: Emergency Management

Information

Subject and Summary Statement

A Comprehensive Emergency Management Plan (CEMP) must be updated every five years. The update of the Cowlitz CEMP, including its fifteen annexes for each Emergency Support Functions, was accomplished with "in-house" resources, completed and submitted to the Washington State's Emergency Management Division (Military Department) for review and approval late last year. The Washington State's Emergency Management Division approved the Plan on 03 April 2019.

A current CEMP is a critical prerequisite for Cowlitz County's Department of Emergency Management to continue qualifying and competing for Emergency Management Performance Grant (EMPG) program and other Federal grants.
