RCW 39.34 allows cooperative purchasing between public agencies in the State of Washington. Other public entities (cities, school districts, and so forth), which have filed an interlocal cooperative joint purchasing agreement with the County may elect to purchase from the vendor based on the terms and conditions of this agreement, subject to vendor's consent.

Firm prices are solicited for High Density Polyethylene Pipe IPS SDR 17, PE4710, with a minimum 2% Carbon Black UV Stabilizer, in 40-ft continuous pipe lengths. Cowlitz County will accept no additional charges including, but not limited to freight, fuel surcharges and other charges. This includes bulk orders processed by the vendor and drop shipped to the County. Prices may be increased with 30 days' notice from the vendor. The price increase will be limited to an amount equal to the increase in cost to the vendor by the manufacturer. Written proof of the cost increase from the manufacturer shall be provided upon request. Payment for the materials will be made according to State Statute, in the month following date of delivery, provided a detailed invoice has been furnished by the supplier.

In event of a discrepancy between the bid unit price and the unit price extension listed in the proposal, the bid unit price shall govern. The County does not guarantee to purchase a specific amount of pipe. Actual purchases will be made as needed by Cowlitz County.

All bids must be submitted upon the attached Bidder's Proposal. The bid proposal shall serve as the binding contract document for the purchase of this equipment.

Deviations or alternatives from the provisions of these specifications will be considered to permit manufacturers to follow their standard manufacturing processes. Such deviations or alternatives will be approved, however, only in the sole discretion of the County and only if, in their opinion, they do not adversely affect the strength, efficiency, effectiveness or life of the equipment. All proposed deviations or alternatives, with full details, must be listed on the attached proposal, which is part of the bid, unless otherwise noted. The listing of such deviations or alternatives will indicate that the bid may be accepted only with such deviation. There shall be no deviations from the specifications, except those which are listed as deviations on said bidder's proposal and which are expressly approved as part of the Board's acceptance of the bid.

The Board reserves the right to reject any and all bids, to waive any informalities in the bids, and to accept the bid of the lowest responsive, responsible bidder as it best serves the interests of the County.
