Ryderwood Water Meter Upgrade

Cowlitz County will be upgrading the water meters for all our customers to new smart readers. These advanced meters will improve accuracy of water consumption readings, allow for earlier detection of leaks and support more efficient water billing. The County was able to utilize federal funding for this upgrade so there will be no rate increase related to this project. Work will begin in the Ryderwood area as soon as possible and is expected to take approximately six weeks to complete. During this time, each property will experience a brief water service interruption (approximately 10-15 minutes) while the existing meter is replaced with the new smart meter. Ryderwood residents impacted will be notified by Utility Operators prior to the meter replacement.

If you have questions, please contact Tracy McDaniel at mcdanielt@cowlitzwa.gov or 360-577-3030, Monday through Thursday 7:30 a.m. to 5:00 p.m.
